see beyond the surface

Established in 1960, Minoli is one of the UK's original tile importers and distributors.

Our goal is simply to source and supply the most beautiful indoor and outdoor porcelain tiles, for use on floors and walls, and to offer customers a level of service that's considered second to none.

Whilst many of our values remain true to those on which the firm was founded, we're forward thinking and focused on continued growth in terms of our expanding product portfolio, our premises and facilities, our vehicle fleet and the size of our team.

Working closely with the leading production plants in Italy, we bring you the latest cutting-edge designs, comprising a diverse range of different contemporary and classic styles in stone-effect, concrete, marble and wood-look finishes.

This brochure contains details of the new Diva series comprising ten precious and rare marble-effects featuring vivid, deep colours with strong personalities, and you can discover more about our business and our extensive collection of some 600 tile designs on our website – www.minoli.co.uk.

Once you see beyond the surface, you'll find there's more to Minoli than might first meet the eye.

Marvel DIVA

Marvel DIVA is an iconic series of beautiful, Italian porcelain tiles and expansive large format slabs, with coordinating décor pieces.

The series incorporates ten distinctly different yet complementary surface designs, the inspiration for which are some of the most precious and rare marbles. This collection, within the broader Marvel product portfolio, features vivid and deep colours with which to complete the most contemporary and creative interior designs.

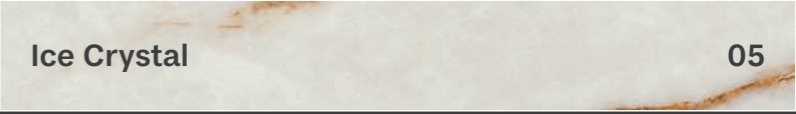

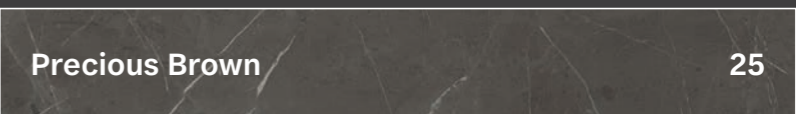

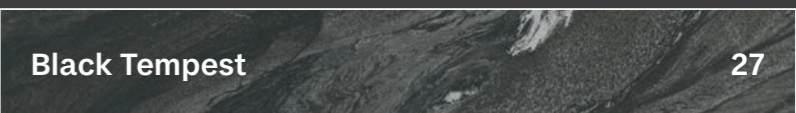

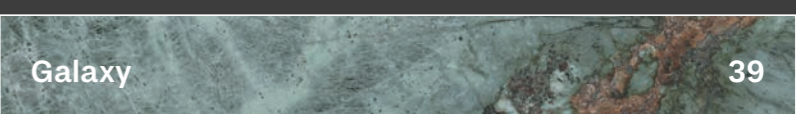

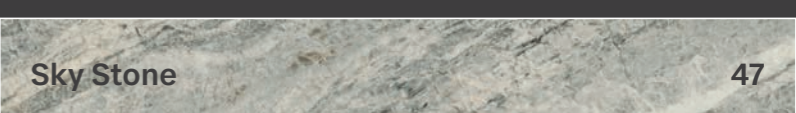

Available in generously sized tiles and extra-large slabs, with precisely rectified edges, the intensely defined patterns and veining come to life at grand scale, delivering near-seamless, uninterrupted surfaces.

Each colourway within DIVA has been purposefully designed and produced with finishes that most enhance the realism of their appearance. Those concepts that have more crystalline patterns are highly polished, whilst those inspired by softer, satin stones have silk, velvet or matt finishes.

DIVA provides numerous options for both floor and wall applications allowing inventive and highly technical installations to be achieved.

Marvel DIVA, as a comprehensive range, also has a choice of delightfully delicate décor designs, with which complementary feature walls and inlays can be created to bring texture and intricacy into environments.

Delivering an explosion of natural beauty and personality that will amplify the allure of any space, Marvel DIVA sets new standards in premium porcelain tile design.

Symbols & Technical

Slip Resistance

Where possible we will indicate the slip resistance indicated by an 'R' rating, ranging from R9 (for indoor areas) to R11 and above (the highest values – recommended for external areas). If you require more technical details concerning the safety characteristics, please contact us directly.

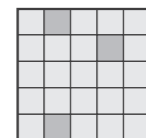

Frost Resistance

Tiles that have been classified as 'frost resistant' have been tested for conditions when freeze/thawing occurs.

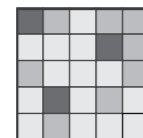

Shading

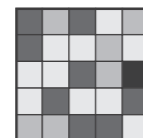

Products with the shading symbol (V1 - V4), indicates the range has a degree of shade variation from tile to tile (within the batch), characterised by a light to random finish to the surface.

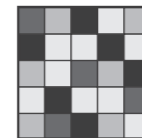

V1 Light

V2 Moderate

V3 High

V4 Random
